

# En Avlsstrategi – Hva er det?

**Oppdrett av fullblodshest**

Knut Martin Torgersen

Øien Gård

3618 Skollenborg

# Innhold

- Mål for avlsprosjektet
- Vurdering av individet
- Strategier basert på stamtavle

# Mål for avlsprosjektet

- Vinne Derby (2400m)? 2000 Guinness (1600m)?
- Hva er best mulig hest for deg?
- Salg
  - Kommersielt interessant?
  - Hvem er målgruppen?
  - Tidlig utviklete individer
- Eie/Trene selv
- Lokale hingster, Skandinavia, Europa
- Budsjett

# Vurdering av individet – En hoppe jeg tror på!

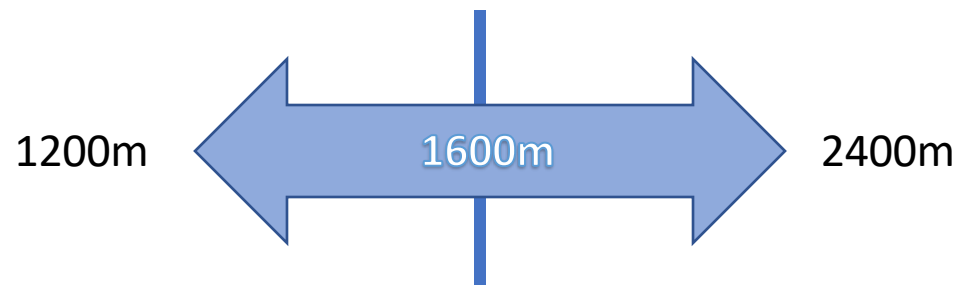

- Styrke og svakheter
  - Hvorfor liker jeg individet?
  - Talent, løpsresultater, distanse og handicap
  - Holdbarhet! Hvis skade – årsak etc.
  - Konformasjon og bevegelse – Vær kritisk! Ingen hest er perfekt
    - Balanse og helhet
    - Enkeltdeler: hode, hals, skulder, rygg, bakpart/styrke bak, ben og høver
    - Temperament
  - Mål:

**Unngå hingst med samme negative trekk, velge hingst som kan tilføre styrke**

# «Type to Type»

- Større sannsynlighet for et bedre resultat hvis man krysser individer av samme generelle fysiske type
- Unntak: hoppe og hingst med samme svakhet bør ikke krysses
- Størrelse, høyde (16h), substans
- Distanse

«Aim for the mile» (2000G, Met Mile etc = stallion making)

# Stamtavler – avlsstrategi med eksempler

- Pedigreequery.com (allbreedpedigree.com)
- Jakten på «tail female» og linjeavling til morslinjer (Reines de Course)
- Familienummer som verktøy
- Familie 2-d: Danehill, Machiavellian og frem til Lope de Vega
- «Sweety» som eksempel

## AGA KHAN STUDS HISTORY The Mumtaz Mahal Legacy

*From time to time the bloodstock sales ring takes on an electric atmosphere and the event itself becomes pure theatre.*

It was on such an evening in 1922 that **Mumtaz Mahal** was bought by the Aga Khan. The price of 9,100 guineas was not a record but observers agreed that the spotted grey daughter of The Tetrarch was the most perfectly formed filly ever seen. Add an immaculate pedigree stemming from Americus Girl and the prospect of failure was out of the question. Yet even **Mumtaz Mahal's** greatest admirers will agree that her successes on the track pale in comparison to the influence her descendants would exercise on racing and breeding in every major country.

**Mumtaz Mahal's** first home trial was a legendary gallop. Richard Dawson asked her to give 28 lbs. to Friar's Daughter, already a winner that season, and she won the gallop by half a furlong. "I was so astounded," said Dawson, "that I almost fell off my hack."

Despite one defeat in her first season, nothing could deny **Mumtaz Mahal** her place at the top of the Free Handicap. Looking back at the dynasty she founded, names that leap out include Mahmoud (Epsom Derby in record time); Nasrullah (Champion Stakes, champion sire in England and five times champion in the United States); Migoli (Champion Stakes and Prix de l'Arc de Triomphe); Abernant (top of the 2.Y.O. Free Handicap); Ginetta (Poule d'Essai des Pouliches); **Petite Etolle** (1,000 Guineas, Oaks and Champion Stakes); **Shergar** (Epsom Derby, Irish Derby and King George VI and Queen Elizabeth Stakes); Oh So Sharp (1,000 Guineas, Oaks and St. Leger); **Zaima** (Prix de Diane, Prix Saint-Alary), Alborada (Champion Stakes twice); **Khalkevi** (Grand Prix de Paris), Zarkava (Prix Marcel Boussac, Poule d'Essai des Pouliches, Prix de Diane, Prix Vermeille, Prix de l'Arc de Triomphe) Igugu (J&B Met, Durban July, Woodlavington 2000, South Africa Fillys Classic) and French Fifteen (Critérium International, 2nd in the 2000 Guineas) as well as a host of Group and Stakes winners over all distances.

## Why GeneUse

- **Deep Learning** looking at all interactions in the pedigree helping you choose the best horse.
- **Validated Results.** Two layers of validation + already even better results in real tests.
- **Unique Approach.**

# Sammendrag

- Styrke og svakheter ved hoppa – i hvilken retning bør hingsten prege?
- Type til Type, men....
- Sikte seg inn på 1600m? Hvor er «Miler Speed» i stamtavlen?
- Bli kjent med stamtavlen og se hvordan familiene er satt sammen
  - Er det noen trender? Dvs hva kjennetegner stamtavlen EGENTLIG?
  - Hvor finner jeg mer av disse linjene? Hva er de kjent å krysse bra med?
- Hvilken tilgjengelig hingst vil kunne gi noen av de bidragene jeg er på jakt etter?
- Benytte tilgjengelig søkerverktøy som støtte (GeneUse, G1, Nick etc)
- LYKKE TIL!!
